Subject: Government car for July 21-23

Hi Cynthia,

I need to travel to Lac du Flambeau, Wisconsin, with program clients from LCD on July 21-23, and wondered if you could please look into the availability of a government car for those days that would seat 4?

Alternatively, a rental car may be a good option. My car is getting old enough now that taking my personal vehicle makes me a little nervous. This is about a 5 or 6 hour drive. Flights don't seem to be a great option, they are expensive.

I am going to be out of the office this week, but back July 6. If you find anything out about the availability of cars while I am gone can you please cc Sherry Kamke, Chief of the Underground Storage Tank section or your response to me?

Thanks,

Erik
